Death with Dignity Physician Needed (Portland)

Under very strict regulations, in Oregon you can get a prescription to end your own life if you are suffering and have less than 6 months to live. I want to have this option. I've had a wonderful life but now I'm dying of lung cancer. I can't find a Doctor to help me end my own life if I'm suffering too much near the end of my life. Does anyone know a Doctor or Hospice group that can help me?
 Thank you for your good thoughts and help.
 Chris
