What I am looking for is a pen pal for my buddy in prison. If he wasn't a damned good guy he wouldn't be my buddy and I wouldn't be trying to help. He's in for awhile for a crime that has no victim. (Of course that. Our lawmakers continue this ridiculous endeavor until we vote them OUT.) He doesn't deserve to be there. he never harms people but he's helpful to everyone. He gets letters from me but it would interest him to hear from someone else. Your memoir, your hobby, something about yourself that makes you an individual. Or make up a story. It would be nice and he'd appreciate it. And if you allow him to write you back you'll enjoy his insight and clever humor. Email me and I'll give you his address. Thanks very.
