Hi Folks, I'm Gladys Wrongway-Clitorious, Program Manager for the Oregon landscape Contractor Board and I'm a blithering idiot.

Known for being a retard, I can barely find my way to work. Way too stupid to do my job properly and fairly and too much of an incompetent looser to have any integrity, I just step in shit every where I go.

Not satisfied with just one last name, like most people. I have to have two names with a hyphen to feel important and to show that I have no respect for my husband.

I have no problem with lying and being underhanded to make me feel important and powerful regardless of the trouble I cause for hardworking people who just want to feed their families.

I am a criminal who uses my position to push around citizens and impress the idiot board members who are incompetent dipshits who never did anything important and who are mostly idiot/ asshole landscapers themselves who don't want any competition from anyone with real talent.

Read some of the minutes from our board meetings and see how we all kiss each others asses as we plot against the citizens and try to be important and self righteous as we frame innocent people who have done nothing wrong.

The male board members are unbelievably gay and cowardly and the "shemale" females try to prove their worth by pushing every citizen who is less of intelligent than the contractor board consultants. I have to be the jerk who is the most important and the most powerful person in the board. I know I am an asshole and I am looking for a hardworking person who is some one who is old of me and I can make a case against them out of thin air, especially if you are a jealous incompetent man who like me. If it is a man you want to cause trouble, we can work together like a couple of stupid disgusting lazy fat pigs.

Later you can come by my house and boss my husband around while I take a break and watch Dr. Phil.

PS... Above is a picture of me looking like a retard and a picture of a couple of the board members
