Hello! I am selling Lupine pet products! I am located in Corpus Christi, Texas, but I can ship anywhere in the US for just \$2.50.

We have tons of collars, harnesses, leashes, and many other items. All these products have a free lifetime warranty stating that if the item gets damaged, it will be replaced for free! I am taking orders until October 17th, then after that I will place my next order on October 26th!

If you don't see the products you need, please feel free to email or text me!

Lupine pet also has a website, but I offer my items at a lower price because I know not everyone can afford to pay a lot for special items!
