I have been in Property Management/ Household Management for many years. I have worked for over 25 yrs in the business. I am available to take total care of your home or if you have a second home here in the Denver area. I have been a live in Caretaker, personal concierge- I can run errands, pick up groceries, plan parties/dinners, run work errands if needed, pick up your children to and from school. Will be glad to discuss what else I could do to make the best of your day! I know how to maintain a property as well, worth my weight in gold-as per one of my clients!!! I will work with you schedule as needed! I have worked for some very high end clients and do have great references. I owned a Household Management in the mountains and had a staff of 8 a day working with me. Also have owned my own Real Estate Company/Property Management, for over 10 yrs in the mountains. Looking forward to hearing from you soon!!! Thank you and have a wonderful day! Please e-mail me first. NO SCAMS and NO!!!
