I have a very nice 2001 Yamaha Kodiak 400 ultramatic 4 wheeler it has push button 4x4 park, neutral, high, low and reverse I have put a new 2500lb winch on the front new Super swamper vampire tires all the way around with less than 50 miles on them it has a nice padded buddy seat on the back with cup holders and lots of storage in it on the front rack it has a nice storage bag with a water proof rain cover everything works like it should the lights, brakes, speedometer 12 accessory plug it starts and runs like new no smoke and don't use or leak oil the 4 wheeler has less than 800 miles on it. I put a safety flag and slow moving vehicle sign on the back of it. It's ready for you farmers or deer hunters or just anyone who likes to ride to take you anywhere you are brave enough to go at a fraction of the price of a brand new one call or text \$ 2500 Cash not a penny less thank you I would also be interested in doing some trading for a good 15' to 20' batwing brush hog or a good quick connect loader with a bucket and hay stinger that is big enough for my 100hp tractor and just putting this out there I am on Craigslist everyday and I know what I see these things listed for daily I know I can get a loader for \$2000 or less any day of the week thank
