Hey there, I'm a bassist in his early 20's looking to join or form a band that shares the same interests/influences! I am a huge music/gear nerd and I am one of the few bassists that uses a pedalboard religiously for fuzzy tones, synthy tones, etc... you name it.

I'm hoping to join or start a band that would draw influence from any of the following songs:

"Burn a Church" by Coma Cinema
"All I Want" by LCD Soundsystem
"My Cosmic Autumn Rebellion" by Flaming Lips
"All I Need" by Radiohead
"Zoo Station" by U2
"Reunion" by M83

My favorite bands and biggest influences are Talking Heads, Nerve, New Order, Coma Cinema, Car Seat Headrest, LCD Soundsystem, the Unicorns, St. Vincent, The Avalanches

I've played with a few bands in the area, I can provide tracks if you're interested.

Hit me up if you think we have similar tastes! I'd love to just meet up with a cool drummer and see if we can get a solid foundation from there. I live in Columbia, and I have a practice space/music studio in my

townhouse. I'm in Baltimore often,!
