I am in need of a good indoor/outdoor home or homes for 3 kittens and a few older kittens. These kittens were born under my porch and a few are very friendly but a few are more feral. They are good mousers and would be good farm cats. If you can provide a safe place with love, food, water and shelter, please contact me. I am asking a small rehoming fee to ensure their safety. Please contact me via email if interested. The younger 3 kittens would make good indoor only pets as they are becoming more sociable and I am able to pick them up and pet them.

Thank
