## **GenClassifieds.com** Tutor for High School and College Science Classes

Location Hawaii https://www.genclassifieds.com/x-700753-z

Tutoring available for anyone who needs helps with most chemistry and biology classes, both high school and college level. I am a recent grad with a degree in molecular and microbiology and I have a wealth of experience in chemistry as well. I have and am currently tutoring the following subjects: general chemistry 1 and 2, organic chemistry 1 and 2, biology 1 and 2, immunology, physiology, anatomy, and currently doing test prep in DAT and MCAT. Even if the science you are needing help in is not listed or are taking another standardized test please do not hesitate to email the subject you need help in.

MOST IMPORTANTLY, Get ahead of the game early in the semester before you fall behind, I promise I can help you with that A on the first test. Email me any questions or if you want to set up a date and time please email me your availability and subject you need help with and where you would like to meet and I will get back to you within the day and set a day to meet in less than a week.!
