Large Bird Cage for sale!
 Would be suitable for one large bird, Two medium sized birds or several small birds. The bars on the cage are close together so your smaller birds would not be able to escape. This cahe was originally ordered online and shipped to Hawaii, not sold in stores here. Originally costing \$300+ with shipping. Selling for \$150. the cage is in great working condition. (Small bits of rust on lower stand) This was great sized cage for Conure, we had to buy this one because our previous one had big gaps between the bars.

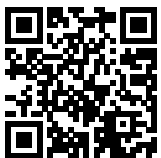

If you do not have a car big enough to transport this cage, we can drive it to you. Just come take a look and if you want us to drive it, we can for \$5-8 depending on where you live. Able to help you unload it at your home and set up if needed as well.

Please be sure to include a first name and phone number in your message. We will call and answer questions or arrange a meet. Sorry, but messages with no number may not be answered.

GOD bless,.
