

# Looking for a shop (Oahu)

Location **Hawaii**  
<https://www.genclassifieds.com/x-700783-z>

I am a cabinet/furniture-maker looking for a workshop space near town to set up in. Currently working in a home-based shop that is too small to fit my needs so I am looking to expand. I am willing to share a space with someone. I have my own machinery, just need around 350 square feet of easily accessible space to build/finish woodworking projects in. I would like to find a "work-off-part-of-the-rent" type of situation since I am just getting established and cannot afford an expensive shop. Willing to do grounds-maintenance, etc... Please contact me if you have an unused space you would like to see put to good use.

I can be reached at (808) 4five3-0832

Mahalo,
