

## Job for hairstylists and makeup artists part time

Location

Hawaii

<https://www.genclassifieds.com/x-700887-z>

My name is Danielle, and I am a makeup artist, experienced with bridal and special occasions. More often than not, I am asked for hair services and large bridal parties where I need an assistant. I am looking for both hairstylists and makeup artists to assist me with larger clientele events. No license is necessary, cosmetology students are welcome and freelancers, however there is an interview where you are required to present a model and display your talents in either hair, makeup or both, to see if you are a good fit for my team. I need people who are on time if not early to events, reliable and are personable and professional with all clients at all times. I will let you know in advance when I need your assistance and you will let me know if you are available. Prices for clients are set by me for all services and you will receive a percentage of the total, depending on your skill set. You will also be paid, by the client most likely by check that same day unless otherwise specified. If you cancel within 48 hours of an event that you already agreed to work you will no longer be asked to work with me. You must also have a complete kit, for hair styling makeup or both. Feel free to visit my website at [danibmua.com](http://danibmua.com) and either message me there, or here. Thank You and looking forward to meeting!
