Location **Illinois**

Hohner Pianet L Vintage electric piano from the 60's with New Ken Rich sticky pads. I will also include the Old set of Original sticky pads!

This pianet is in Great working order and Sounds Very Nice, ready to be played, although there is a slight hum issue that may be caused by the original 2 prong power cable?

This instrument is in great shape and all of the keys work and have perfect action. Cosmetically, there are a few scratches in the wooden console as you will see in the pictures, but nothing that affects the functionality of the instrument. Comes with the Original Hard Case and Legs!

This is a awesome little electric pianos with a very distinctive sound, widely used on many legendary recordings and VERY difficult to come by. Please feel free to ask any questions you may have. Asking \$800 O.B.O. I will do a Trade or Trade + Cash for something as cool.
