8 month old female pit bull needs a new loving home. she is spayed and up to date on all shots and is currently on trifexis for flea and heartworm prevention she currently weighs 56.1 pounds and is still growing ?? she loves kids and does well with other dogs and cats, she has been indoors and outdoors, she is enrolled in Banfield plan which covers her flea and heartworm medicine so I would continue to pay the monthly fee for her throughout the end of her contract which is in February so you would still be able to pick up her trifexis each month until the end of her contract I am asking a rehoming fee of \$150 to ensure a good home, serious inquiries only
