Our cat Thunder has been missing since September 26th. He is a black and white 2 year old male, neutered, yellow eyes . Very friendly, will let you pick him up (If you're trying to catch him, lure him with food, hes a fatty). He's an indoor/outdoor cat but he always comes home every night so its very unusual for him to be gone this long. Please contact me if you have him or believe you have seen him around. We miss him very much
-Casey
