ISO of a Doberman or Rottweiler Pup. Prefer male and less than 6 months old. I'm not looking to spend an arm and leg on huge rehoming fees. But I am able to take care of the needs or the pet... I live out in the country with about 8 acres and no neighbors for miles... I do have a lot of family and young nieces and nephews who would want to play (main reason I want a young pup so the he will become accustomed to them) if anyone has some pups please let me know. I can give an amazing forever home.

PS I have no interest in breeding at all so get the pup fixed will be a.
