We are an out of home marketing company doing some last minute follow up on a community campaign in Maryland. I am looking for someone to post some signs at local churches within 20 miles of MD/DE border. We compensate .56 per mile driven and pay is \$15/hour. There will be a considerable amount of driving but the job itself is very simple. All that is required is to go pick up the signs, set them up at each church and take a few photos verifying they were delivered and set up. That's it! To reiterate it will be a decent amount of driving! The signs are at an Express Employment Agency in Bel Air, MD.

Email ASAP if.
