I am a tractor enthusiast who needs help fixing homeowner lawn and yard tractor-mowers.

I'm looking for a temporary or part-time Small Engine Mechanic who can repair air-cooled engines primarily from Briggs and Kohler. Must be able to diagnose and fix issues. Must be familiar with carburetors, cylinder head and valves, electrical (spark, magnetos, wiring harness, etc.), fuel system, starters, and other typical problem areas. Will also work on riding mower chassis repair. Light welding skills a plus. Flexible hours available.

I am also seeking a Shop Assistant to work on routine tasks, including oil changes, service tasks, metal surface preparation and refinishing, and detailing. This person will have the opportunity to learn how to perform tractor and small engine repairs.

Prefer someone nearby with own transportation. Should have own power or air-driven tools. Hourly pay offered with potential for more hours in the future. Please reply with a summary of your work experience, where you live (city or town), and any other info you'd like to.
