

# KITTEN adopt Olive, black, female fuzzball (Meridian)

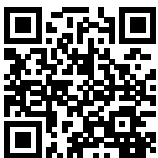

Location **Idaho**  
<https://www.genclassifieds.com/x-702051-z>

Come meet Olive! This baby is a lovey, little fuzzball. She likes to snuggle up under your chin to sleep, and purr, and purr, and purr. Olives coat is just as black and shiny as can be, except for a tiny touch of white on her chest and a few white hairs in her ears. But for all intents and purposes, she is black, and there nothing more elegant than a black cat.

Olive is approximately six to eight weeks old, wormed, litter box trained, and has had her first 4-way vaccine. She will be spayed when she reaches two pounds.

Our goal as temporary guardians is to place our babies with the BEST possible humans who will love them, feed them and care for them. \$35 re-homing fee. No declawing. Indoor home only. Call for complete directions to my.
