I am working on an ongoing artistic series (photo/video) and seeking one more participant this year while the weather is still suitable, and also to find people in the area who would possibly want to shoot next year once the weather becomes suitable again (spring/summer). This is outdoors at the beach ( Headlands beach ) and is not swimsuit modeling. Nudity is not involved. It is somewhat of a portrait, but very unique in concept. Modeling experience is not required or needed. Average looks or better are considered.

I am paying \$60 total ( \$30 / hr x 2 hrs )

Respond with 2 or more everyday photos representative of what you could show up looking like ( everyday look) if you are interested in being considered / hearing more.!
