Need a hand hooking up these two items to my existing Viper system.

They'll do it for \$100 at the shop, but I bet someone with the knowhow would love to do it for less. Let me know.

I had spots for both modules in my current system. The keyless entry one does require it to be hard wired, so you must have experience with that.

Send me an email. I'd like to get this done this weekend. I can travel to you if.
