Female model not a 10 Perfect (Northfield MA)

I'm putting together a new piece. Without going into great detail here, it has to do with the idea that the so-called "perfect 10" is nonsense.

So... if you are older, heavier, small chested, in any way less than what the world considers "10", and want to contribute to getting this idea across, please get in touch.

This is a nude shoot, but faces will not be visible.

This is a "trade for" situation.
