Hello, hope everyone is having a great day! reason for my post well i am looking for a mentor in Business/Entrepreneurship or possible a Profitable Forex trader to be my mentor!

I am a 23 year old male, seeking guidance to help me build and learn more in depth what it takes to be an entrepreneur and FX trader, I have been on this journey for over a year and half. I have made progress and know that I was born to do this and it has become a burning desire in my life.

I am missing that extra help and guidance as time to time i tend to stray away. So if any successful business/entrepreneur would love to take someone under their wing and mentor them. Id highly appreciate it!

thank you!
