

Infant daycare in Manchester (Manchester)

Location **New Hampshire**
<https://www.genclassifieds.com/x-708618-z>

I am a mother of 4-year old son. My husband is a student at SNHU. I have plenty of free time and I just thought that I can help people who need someone to take care of their baby. And of course I want make some money!

I prefer infants under 2. I ask you to supply diapers, wipes, formula and any baby food.

I am available part time or full time from Monday to Friday. You can drop off and pick up your child any time. So, come as early as needed and your baby can stay as late as needed.

We live in Washington Park Apartments in a 2 bedroom apartment. We do not have much furniture, so kids have much space to play around.

If you are interested, please email me.
