Hello, my name is Catalina! I am a college graduate who is a workaholic and looking for a nanny position in any area. I charge 15-25 per hour if I drive to your house but if I watch my house I charge flat daily rate. I am a very responsible, sympathetic, loving, caring, reliable nanny who is looking for job I enjoy. I have no problem asserting authority. I'm okay with light housekeeping. I have experience with all ages. I grew up in Chesterfield, Missouri & graduated from Lindenwood University in May 2012 with a bachelors degree in Business Administration and child psychology. I was a member of the Women's Tennis team and was involved with a campus ministry (Campus Outreach) as well as active in the local church I attended (The Journey in West County), serving within the kids ministry. My hope is to find a family who is actively seeking a nanny to help the flow of their life run smoothly who will appreciate what I do for them.

I would love to find a family to work for during the day or after school. I would consider being a live in nanny if the situation was the right fit. I have over 10 years of experience in caring for children as well as doing housework. I am able to cook meals even fancy and still I am willing to learn more and tackle needed tasks. I am passionate about being a single mother and it brings me great joy to love and serve kids. I am motivated to come along side a parent/parents to help their household run smoothly.

I do not use drugs, alcohol, or swear 0% of the time. You can feel confident allowing your children to be cared for by a woman who values honesty, integrity, and commitment. I have a history of being involved in competitive sports as well as completing four years of Competitive Cheerleading worldwide, so hard work is something I believe is part of my core values.
