Do you have kids in school or just have some free time during the day? Christmas is coming and maybe you would like to make some extra money without having to leave the house. Maybe we can help each other. I am looking for an older or mature woman that can do massage four to six times a month or more. You can be anywhere from 18 to 80 however the older and mature the better. I don't care if you're licensed or not. Pay is negotiable and open for discussion. I'm just looking for a comfortable and relaxing atmosphere "To Go To" hopefully somewhere near the Nashua area. Preferably morning and early afternoon hours. Serious replies only.
