

Straighten bent alloy rim

Location **North Dakota**
<https://www.genclassifieds.com/x-708704-z>

There is a small bend in the back lip on my cars rim. It is maybe 1/2" from round. If you have a torch and a little adventure, I will bring rim to you and we can give it a shot.

Even if you could do it and have some experience, but are concerned about liability, I will do the work with some guidance and advice. Give me an offer and let's
