

Looking to create a wedding team

Location **Washington**
<https://www.genclassifieds.com/x-708780-z>

Hello,

I'm a wedding and event planner ! I'm looking to create a wedding team that includes a make up artist, hair stylist, photographer, florist, d.j, bartenders, etc to work within my company to build a one stop shop company! If your trying to brake into the wedding industry or your new to your profession i would love to speak with you in detail about what i'm trying to do. I would prefer to speak with people who don't have an established business so we can start fresh and create packages and prices that would benefit everyone.

Looking to find professionals who are interested in representing my company. I know a lot of people would rather freelance but if your interested in working together we can discuss it further. This is a paying gig!

if interested please send a few pictures or link to your work and why your interested! If you don't your email WILL BE IGNORED and DELETED! SERIOUS INQUIRES ONLY Thank you!
