This house has 3 Bedrooms and 2 full bathrooms.. As you can see by the pictures we spared no expense in making the house warm and inviting, while using the finest materials available. The house is located 4/10ths of a mile from the Okemo base area- talk about location! You can walk to the Blue lot should you choose, about 1500 feet away. Also, we are walking distance (1000 feet or so) to the downtown village area of Ludlow. Great restaurants and galleries to enjoy. We are one of the few houses that you can walk to the village AND one of the Okemo shuttle lots. A nice touch we added for all you pet lovers (dogs only please) is a dedicated doggie door that leads to a fenced in yard. This let's Fido play all day with his own in/out door while you are out enjoying a nice dinner or time on the slopes. We hated leaving our dogs inside while we went out, now we, or you, don't have to. It's their vacation too after all. :)

When you first enter the house it leads to a mud/ski room. A great place to store your gear and boots. After that it leads to a great kitchen with all the modern amenities you would expect in a house of this quality. The living room is off the kitchen, while not a big living room it is very well done and creates a cozy, family time, atmosphere. There is also a full bathroom down stairs. Did we mention there is WI-FI throughout the entire house? You.
