I am looking to buy a small aluminum fishing boat, 12 to 16 feet. The boat must have a trailer and preferably a motor. I would like a 14 to 16 foot with a side console but will consider others. Price should reflect we are almost into November. I am willing to travel for the right boat. Pictures a must. Please respond with BOAT in your heading so I can fish you out of my spam. Please include year, condition, location and price.
