

# Maxxant Honey Extractor (650 USD)

Location **Vermont**  
<https://www.genclassifieds.com/x-708842-z>

9 Frame, Stainless Steel Maxxant Honey Extractor, model 3100. Used, but in excellent condition. We purchased this for our bee business three years ago but have outgrown it and are planning to upgrade to a larger version. It comes with the leg kit.

From the listing on Maxxant's website: Extremely well-engineered with a conical bottom. Made from 20 gauge stainless steel. Stiffening rings located at top and bottom. Will extract wood or plastic frames with no modifications. Extracts 6 medium/shallows radially and 3 deeps/medium-shallows tangentially

This machine is 18.5" in diameter, and 24.5" in height. See their listing for a new version here:<http://www.maxxantindustries.com/extractors.html>
