4 experienced musicians 30-44 looking for experienced drummer pref 21-45.. We're originals oriented playing only a few covers (Incubus' Summer Romance/Anti Gravity, Nirvana's Breed) trying to focus on original music. Influences are Govt Mule, Ben Harper, STP, Blind Melon, Pearl Jam, Foo Fighters, Led Zeppelin as far as song writing style originals are concerned. Jam room set up for isolation recording. Drum set already on site for use but MUST HAVE OWN QUALITY KIT FOR SHOWS and own transportation. Ready to record six originals for EP release. Not looking to hit the road. Just wanting to get together EVERY Thursday evening from 7:30pm to 11pm in Pontiac/Elgin to write and record original music and schedule 5 to 6 showcase/ support shows a year. Laid back but serious about quality of the music. Plenty of connections to play when we want, where we want. No hard drugs..
