

# Chorkie puppies

Location **Tennessee**  
<https://www.genclassifieds.com/x-708940-z>

I have two beautiful female chorkies. One is all black and the other is black but with brown on the feet and bottom of snout. They are still not potty trained. They still need their last set of shots and deworming. If its possible, would like to keep them together. A rehoming fee is required. If you have any more questions, email me. Thank.
