DRYWALL PATCH & Paint a Bedroom

I would like someone who can patch a small drywall spot on ceiling of garage and a small 2 x 3' spot on a garage wall.

While that's drying, I have a bedroom about 10' x 13' that I would like to have primed and painted. The closet doors and trim also need to be prepped and painted white. The ceiling in the bedroom should be painted.

Flexible as to when, but the sooner the better. Saturday?

I'll supply paint prime and paint color. I have sheetrock, drywall paste, ladder, and other materials, plastic drop cloth and tape. you have tools, paint brush,

This is a project that you come and do all same day.

Please email or text me (preferred) your first and last name, phone, and experience.

No felons, drugs, or alcohol.
Do a good job and there's more work to.
