Hi I'm a friendly and professional white guy looking to hire a female for an hour of foot worship and a quick foot fetish shoot. The shoot will be casual, you don't need to do hair or makeup or anything like that. Just show up with a fresh pedicure and you'll be good. The foot worship portion will happen mainly after the shoot. If we get along well, I'd be interested in making this an ongoing thing, but no pressure. If you could please send a picture of your feet we can get started. Thanks for your time in!
