A copy/paste of what I've posted on my Facebook page:

"Hi everyone. Over the next week and a half, I will be directing a film for a campus short film contest (five minutes and under). I need two actresses (one major and one minor) and possibly someone to do hair/makeup. The minor actress would be needed for no more than two hours of prep time and filming time. The main actress would be needed for around half of a day. The hair/makeup person would be needed for both days of shooting but not necessarily for as long. Of course I would love to find others who love film and would work pro-bono to help create something beautiful. That being said, if you feel your abilities are deserving of financial incentives, let me know, and we can work something out. If you are interested, please email xxxxxxxxx (email is provided and email relay activated for Craigslist) for more information and consideration. Please also share this with anyone you know who may be interested. Thank you for any."
