I'm offering 16 years of experience in a vast variety of automotive car care and repair. Satisfaction is a guarantee and you can be assured that only the best quality work will be performed. I put my name, reputation, and stamp of approval on every job no matter how big or small. I'm looking to service the Bella Vista, Bentonville, Rogers, Lowell, Springdale, and Fayetteville area. My services include complete auto body repair from repairing scratches and hail damage to collision repair and refinishing using a well respected and reputable line of paint products. I'm also offering a full interior/exterior detail service including buffing/polishing and complete carpet care. Finally, my services will include light mechanical repair from tune ups and fluid changes to replacing parts such as control arms, motor mounts, alternators, power steering pumps, fuel pumps, etc. You'll find that my prices are lower than anybody else in the area and if a shop estimate is brought to me, I'll get under that estimate without sacrificing quality work. I may also be able to help save deductibles and customer out-of-pocket expenses. Please allow me to prove myself to you and earn your business. You may contact Ted Franks at I look forward to being your provider to all your car care needs. Thank you and have a great day.
