We are a local group of musicians/Dj's that are creative and one of a kind. We are noticing the lack of Rhythm that is going on these days as society tries to take away dancing & soul somehow...?

Remember when you could go out and just rip the dance floor to grooves that made you jump laugh shake bounce and feel good? When the feeling of tightness was felt thru the Music and the vibes of the people? Well it is up to us to bring it back. . . Yes we grew up however this does not mean that the beat is still not in every one of us.

Underground is our home and we live for dirty grooves.

Interested in like minded individuals on this journey they sound and beats. If you are an artist we would love to speak to you as well and come out as we formulate events with artists and events at times so we can get together and expres ourselves in a positive light.

We love meeting chill fun like minded people with 0 attitude and who are fun and on the level. We are mostly Denver natives with a feel for what the City was / is and the direction we would like to ride our Unique sounds & vibes to.

Drop a line and say hello- artists/House heads/Cool peeps etc.

We are all connected ... So let's start spreading the positive vibes and sound like we used to do. . . You remember way way before any E d m. There was House- and it made us all groove. It is not gone or forgotten...just has to be sought after.

Drop a line and say hi- it would be great to touch down with like minded heads.
