Hi Everyone,I have ferret kits, ready to be-homed. USDA licensed. There are 3 males and 5 females available. They are now all older than 8 weeks old. They are Albino and polecat ferrets from good working stock and would make brilliant pets. They are presently being fed on kibble and raw meat. They are home raised and use to kids, dogs and cats. They are healthy and current with shots. Each ferret comes with permit, cage and toys. Please feel free to contact me if interested.
