I would like to give a friend who is retiring this year the gift of 3 private yoga lessons, to be given at her home in Watertown, so she feels comfortable enough starting a beginners class in a studio. I would pay you in advance for an agreed upon hourly rate, and when I give her the gift end of Dec, she's contact you to set the actual times for the "lessons." I'd like to either get references or see a website or a license or something to ensure you are legit :).
