Hello,

Im looking for a part time nanny/babysitting position. I am 32 years old, and in school for Nursing, and Pediatrics. Currently work at a Pediatric's office. I will be school for a MINIMUM of two more years, because I switched majors. I am going to school online, so this will not affect my schedule! I was in school for Early Childhood Development, and realized I was called to working with children in the medical field.

I have several certifications because of my medical background. I am SIDS, CPR/AED, First Aid, and AHA certified. (And will have them available for you too view)

I am including my related work experience, and would love to meet with your family to see if I would be a good fit. If you are interested in a telephone interview, please respond to this ad. I am on looking for part time or occassional, but I would be willing to take a full time position for the right family. I am looking for 10/hr. (Though pay is negotiable.) If you would like a background check/reference numbers please feel free to contact me. Hope to hear from you soon!

Sincerely,

Alison Marie

Assistant Teacher

I worked with various ages. Mostly I work with Infants to three year old children. A typical day is structured as follows : Morning arrival, breakfast, book reading, motor skills activities, diaper change/bathroom break, snack, recess, memory games, diaper change/bathroom break, lunch, movie, nap, diaper change/bathroom break, snack, free play until pick. Diaper changes as needed.

Names Removed For Privacy (Will Be Provided) (From Nov'08-Aug'09')

I take care of a 3 year old girl, and 5 year old girl(with Autism), and a 7 year old boy.

I get them up and ready for school, make them breakfast, cleaned house, played games with the 3 year old, picked the other two up from school, made sure the two younger ones took naps, and do housework.

I took care of a 18 month old, and a 8 month old. This was only as needed. But, frequent. I changed them, played games, fed them, made sure they were taking their naps, and then light housework as well.

(They moved 5 hours away)

Prior To Those Two:

(From 1995-1998)

I worked for about 5 years at latch key of WCS. I watched about 15 children, along with two other care takers. We watch them for 2-3 hours after school. One or two days a week.

(From 1995- 2002)

I also, have worked for two other families full, and part time watching various age ranges. From typically 8 months to 11. Most were only two or three nights a week .

Please, do NOT contact me for trades, favors, or sex. I am a real PERSON just trying to make it through school, and do something I like and am good at. Thank.
