I have been teaching voice for over 9 years, I have over 20 years of continuous vocal training. 8 years classical 13 years Speech Level Singing.

I have been to teacher training camp in California with Seth Riggs and many more hours of teacher training seminars.

I have many hours training with some of the top vocal coaches in the count

I can teach you the tricks that can help you to compete with the current artists of today! Having a smooth transition being in your mix! A lot of people tend to have light chest connection, pull chest up or flip.

I can teach you to hit those high notes without pulling and develop a strong mix! My voice is better then it has ever been through the SLS method,

I am experienced in a wide array of music stretching from the forties to current.

I specialize in Pop, Rock, Country, Folk, Jazz, R&B, Gospel, Classical and Musical Theater!

I was in a rock band in the eighties, and have sang at various events over the years!

I come from a musical and theatrical background, my oldest brother was an actor.

My sister was a dancer and choreographer and produced a comedy dance show in San Francisco.

My other brother is an artist and currently works for DreamWorks and Disney.

I am also very familiar with the "National Anthem" last summer my six year old student sang the National Anthem at America West Arena

for the Diamondbacks! She was later interviewed on fox 10 by Kari Lake. She performed again for the Diamondbacks on August 12th!

They moved to Massachusetts a year ago so I had only 4 days to work with her skype for 2 days and 2 days live.

One of my former student's recently opened up for Hunter Hayes at Toby Keith's bar and grill. She was also featured in go Gilbert magazine.

I have seen every one of my student's make progress! Many of my student's are performing out on a regular basis, and winning competitions.

One of my student's is currently in third round of X Factor try outs

I truly love teaching and I have taught from ages three on up!

I teach beginners to advanced.

I make sure that all my student's are treated as individuals, and with the utmost respect.

I do have student's that take lessons that are interested in a music career. But many are just trying to improve there voice and vocal

range.

Also I work on stage presence, and technique while performing. I have seen many student's learn to combat there fear of performing.

Pictured is Anna Collins and Brooke White from American Idol, in the "Hope for Children Competition" Anna Collins won first place as the Junior Ambassador, I also worked with the winner of the Senior Ambassador.

Also pictured is 6 year old Tatiana Mc Alpine. Two days after singing the National Anthem, her mother was called by Fox news to be interviewed by Kari Lake.
