Name: Marie Ladner  
 Years Experience: 10

Hi! My name is Marie I have a little boy named Jessie and I am a 22 year old recent graduate from Blue Cliff Community College. I am CPR & First Aid Certified, I am also a CMA. I was born and raised in South Mississippi and currently live in Pass Christian. I have been working with children in a variety of settings for over 10 years. Being around children is my passion. Previous to this experience, I worked with children in numerous settings, such as babysitting, teacher assistant and I'm a mother. In my free time I enjoy cooking, playing with my son and teaching him new things and being around people. Spending time with children is the only work I have encountered in my life that has not felt like work to me. I know how expensive childcare and daycares can be so my prices aren't expensive at all and I sure hope to see this business grow and not only to help myself but you as well I want it to be a safe an fun place for your children. I hope to hear from all of you soon.

Thanks Marie
