InfoType: CruiserStock #: 130545VIN: JS1VY56A3D2100545DetailsColor: BlklbkCondition: UsedDrivetrainOdometer: 5478DescriptionRider backrest, locking bags, this BOSS has it all! This bike is nearly showroom new. The black paint still looks dripping wet and the bike runs and rides like new.You can't beat this bike for the money!2013 Suzuki® Boulevard C90T B.O.S.S.Blacked-out. Pitch black. Meet the new 2013 Suzuki Boulevard C90T B.O.S.S. When you ride one, you're literally the king of the night. Now you have the opportunity to experience its powerful 1462cc long-stroke, liquid-cooled, 54-degree V-twin engine with its blacked-out styling. It's not the only thing that's blacked-out! The C90T B.O.S.S. comes with all-black wheels, blacked out forks, blacked out exhaust system, and more!Bold yet retaining its classic styling, the C90T features fully integrated black hard side cases and a comfortable passenger seat all behind a large windscreen to deliver the complete touring experience. It also has a spacious riding position and a smooth suspension for comfortable cruising. With a multitude of features, the C90T's sleek black styling will draw onlookers over for a closer look. Own the night. Features May IncludeKey FeaturesThe C90T's windscreen is positioned and designed to provide ample wind protection at freeway speeds. With subtle Suzuki Boulevard styling, the firmly mounted windscreen offers protection without distraction. Wind buffeting is minimized by allowing just the right amount of air to pass above the headlight.EngineThe 1462cc (90 cubic inch) long-stroke, liquid cooled, SOHC, 4-valves-per-cylinder, 54 degree V-Twin engine is built to

deliver massive torque while maintaining efficient operation. Each aluminum-alloy cylinder is plated with
 composite (Electrochemical Metallization), a coating that helps seal pores on cast aluminum
 and reduces heat transfer. The result is increased durability and a long seal. Each
 cylinder is precision-machined and coated with a thin layer of chrome-nitride to make them
 smooth and reduce friction. The Suzuki Clutch Assist System (CAS) reduces the force
 needed to pull in the clutch lever so clutch operation remains light. The system
 produces smooth shifts by reducing pressure on the clutch plate under deceleration. Clutch Design
 engineer married the desire for time-honored appeal with the need for modern performance. The result
 is a traditionally styled cruiser featuring a rider triangle – footboards, handlebars, seat position – that
 delivers classic control with outstanding comfort. Wide handlebar and seat design, plus wide, low fuel tank
 shape add a C90T's low-slung look. Engineers shaped the seat to allow a rider freedom of movement, not
 locking them into one position. The seat shape also accommodates riders of different sizes to reach the

handlebars and footboards in comfort. Large floorboard-type footrests are standard equipment for comfortable long range riding. Additional Easy to see atop the fuel tank, the C90T B.O.S.S. features a multi-function instrument package highlighted by a large analog speedometer. The package includes a convenient gear-position indicator and a fuel gauge, along with a clock and a trip meter, plus indicator lights for low fuel, turn signals and more. It delivers a level of instrumentation that is not often found on classically style cruisers. Well-placed and easy-to-use helmet holder on the rear fender's left side.
