Two orange kittens (twin brothers) that are so alike they might be bookends: Chedder and Colby, two little troublemakers. They are a great, matching pair of friends, and can go separately or together. Come meet both of them. Call for an appointment today.

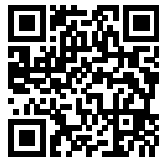

They are neutered, wormed, litter box trained, and had their first 4-way vaccines.

Our goal as temporary guardians is to place our babies with the BEST possible humans who will love them, feed them and care for them. \$35 re-homing fee. No declawing. Indoor home only. Call for complete directions to my.
