I'm a "retired" CPA, but I still have the financial juices flowing. My hobby is all kinds of personal finance. Here's what I would like to offer you for free:

1. A trick that I've come up which I've used to increase my credit score by 50 points.

2. A one-page guide that I've written that shows you step-by-step how to make at least $20 GUARANTEED without spending any money, selling anything, or talking to anyone. You only spend around 20 minutes online once to set it up, so that's about $60 per hour. I know I wouldn't take a 20-dollar bill out of my wallet and flush it down the toilet, would you? You can also make $20 again and again by following this guide.

3. A guide that shows you exactly how to make extra money if you have good credit. If you don't qualify right now, you very well may after you do my item #1 above.

To be clear, the item #1 and item #3 products will not work for everyone, but for those who qualify, they work really great! Item #2 is guaranteed to work, and almost everyone qualifies. None of these programs are MLM sod there is no "downline" to exploit. It's the old SW,SW,SW: some will, some won't, so what?

PLEASE NOTE: Because these are PDF's, I will need a real email address to send them to you. They can't be sent through the Craig's List system.

I'm only doing this because it's my hobby. There will be no upsell, you won't be put on any "list" and I won't send you any more emails after I send you these.
