I am a full-time student looking for some extra work and some extra income. I am married with 2 boys, ages 11 and 9. In the past I have worked as a respite for Department of Family Services in Montana. I am CPR and first-aid certified and have experience with children with different abilities. Due to schooling, I'd like to only take on children under the age of 2. I charge \$7 per hour from 8am-5pm and anything after that is a flat-rate of \$20 and can only baby-sit until 8pm. The baby-sitting will take place in my home at these times and I will supply food and drinks for the children. If you have any questions please feel free to e-mail me or call. I will be happy to answer any questions or concerns that you may have and look forward to meeting you and helping with any child care.
