As a Graphic Design Freelancer, you will be responsible for: creating web and/or visual design that address business, brand, market, and user requirements; understanding and implementing user-centered product designs; juggling multiple projects while effectively managing timelines and expectations; effectively communicating conceptual ideas and design rationale; and collaborating with cross-functional teams to produce elegant design solutions.

The ideal candidate will have a strong portfolio featuring examples of graphic, visual, or interaction design work, strong visual skills with careful attention to detail, the ability to prioritize and manage work to adhere to critical project timelines in a fast-paced ambiguous environment; and experience working with cross-functional teams
