

FREE Scrap Metal Removal (734) 95

Location **Michigan** https://www.genclassifieds.com/x-710003-z

Free scrap metal removal in the Metro Detroit area.

Appliances, electronics, exercise equipment, auto parts..you name it, I'll move it!

I work quickly, quietly, and treat my client's property with respect.

All items I remove are fully processed for recycling, nothing ends up in a landfill.

Don't place a "free scrap" ad yourself and be deluged with unwanted calls, e-mails, or people trolling your neighborhood for a "curb alert" item that's long gone..why suffer the annoyance when one call to (734) 95-METAL is all it takes for a hassle-free?
