

Rehoming male parrotlet (Plattsmouth)

Location

Iowa

<https://www.genclassifieds.com/x-710046-z>

I have a blue male parrotlet. He is under 6 months old. He was tame and would step up but is becoming aggressive. He would make a good breeder or if someone has the time to tame him again. He gets out of his cage and I can pet him a little but he bites a lot. I have a cage if you are interested
